A test or examination (informally, exam or evaluation) is an assessment intended to measure a test-taker's knowledge, skill, aptitude, physical fitness, or classification in many other topics (e.g., beliefs). A test may be administered verbally, on paper, on a computer, or in a predetermined area that requires a test taker to demonstrate or perform a set of skills.

Test (assessment) - Wikipedia

In recent years, information technology has had a profound effect on human resources (HR) processes and practices. However, relatively little research has examined its effectiveness, and most of the existing studies have not assessed the degree to which these new systems enable organizations to reach their HR goals of attracting, motivating and retaining employees.

The influence of technology on the future of human
