Cybercrime, or computer-oriented crime, is the crime that involves a computer and a network. The computer may have been used in the commission of a crime, or it may be the target. Cybercrimes can be defined as: "Offences that are committed against individuals or groups of individuals with a criminal motive to intentionally harm the reputation of the victim or cause physical or mental harm, or ...

Cybercrime - Wikipedia

I've been surrounded by a lot of debate, since the HP printer vulnerability controversy sparked up (like the pun?) earlier this week. If you've NOT been living with your head buried in the sand the past few days, then you've not doubt heard that security researchers have dug into some inherent functionality in HP printers and figured out a way to use it to do some things that could cause ...
